Story Has three PGA Tour wins in the last five years, including the 2012 Farmers Insurance Open. In July, he placed T-3 at the British Open.

MUCH HIGHER GOALS

Even though I didn't win this year's British Open, being among the leaders the whole tournament reaffirmed that I'm playing the best golf of my life. I feel like reaching the 20-win mark is not an unrealistic goal for my career. Those guys who've won 20 or more times have sustained a great career on the PGA Tour. That's the type of legacy I'd like to have.

A STRONG UPBRINGING

I was very fortunate to be brought up the way I was. My father was an attorney and my mom ran a pawn shop in town for fun. We had every opportunity, but I worked at the shop after school and during the summer. It made me appreciate what I do for a living. That's why you'll see me acknowledging as many people as I can at tournaments. People spend their money to watch us play. We're entertainers. The least we can do is treat the fans right.

**DRIVER**

I'm playing the **TaylorMade R11** (9 degrees, **Matrix** Ozik shaft). In January, I won at Torrey Pines with the Burner SuperFast, but when it broke, I tested a lot of drivers. I think I wore out the guys in the trailer to get the right setup.

FAIRWAY WOOD

It's definitely one difficult club to find the perfect fit for, but I did with this **Tour Edge Exotics CB4** (13 degrees, **Mitsubishi Rayon** Diamana Kai'li 70X).

PUTTER

My **Odyssey** White Hot XG Rossie putter (34 inches, 3 degrees of loft) is undoubtedly my favorite club. It's one I'll never change—I've had it for seven years and even kept the same grip for four. I finally regripped it a couple of months ago. I used a similar one in high school. I just love the look.

IRONS

After hitting some shots with Matt Kuchar's irons last year, I started playing the **Bridgestone J40s** (**Aerotech** SteelFiber 95 S-shafts). I often carry a 20-degree **Adams** Pro a12 hybrid, but for Royal Lytham I had these **Mizuno** Fli-Hi 2- and 3-irons built.

WEDGES

My 52-degree wedge is a **Bridgestone J40**, and my 60-degree is a **Titleist** Vokey SM4 (**Lamkin** Tour full-cord grips). I sometimes carry a 56-degree J40 sand wedge.

**FIGHTER'S MIND-SET**

I've kept in touch with **Andy Neal, II**, during the past year. He's in a battle with cancer. If I'm having a bad day, I'll take this photo out to keep perspective.

THINKING GREEN

I've always put a dot over the "E" on my **Bridgestone** Tour B330 golf balls. The Masters is my favorite tournament, which is why I like seeing green.

**STAYING SHARP**

I'm sure I'm one of the few guys on tour who keeps an old-school pencil sharpener like this one in my bag. Probably not as important as sunscreen, which I make sure to use, but it can be handy.

RIGHT ON THE MARK

I've had some issues marking my ball, either dropping my coin or ball, so I'm very careful about it. I used to be particular about a '60s coin, but I've lost most of them. Like a score in the 60s, they can be few and far between.

**TRACKING MY PATH**

My laser-putting aid is made by **Scotty Cameron**. It's the only training device I practice with on the green. I attach it to my putter shaft, then draw a chalk line on the grass. If I take my putter back too far outside, the laser will let me know, and I'll adjust my stroke.
